

# RGC | MARINE DOCK SYSTEMS

## PREMIER PROTECTION AND VERSATILITY IN 2 PERFORMANCE STYLES

CHOOSE THE SYSTEM THAT'S RIGHT FOR YOU:

### PREMIUM T9 TRUSS

The T9 is engineered for high-activity waterways, featuring a 9" open-truss side frame that allows waves to roll through while maintaining maximum strength and stability.

### PREMIUM S6 SOLID SIDE

Delivering commercial-grade rigidity with a rock-steady feel, the S6 features a 6" solid aluminum frame designed to minimize flex in busy marinas and active residential waterfronts.

# RGC MARINE | DOCK SYSTEM FEATURES

## PREMIUM T9 TRUSS DOCK

- **Engineered Strength:** Built with a 9" truss side frame to provide extreme stability.
- **Wave-Action Design:** Open truss architecture allows waves to pass through the frame.
- **EasyTrack™ Integration:** Features the exclusive EasyTrack™ system for tool-free accessory attachment and endless layout adjustability.
- **Multi-Format Configuration:** Adaptable as a sectional, roll-in, or floating dock by pairing with optional foot plates, wheel kits, or floats.
- **Premium Decking:** Available in mill-finished aluminum or Snap Decking poly; both are fade- and stain-resistant and cool to the touch.
- **Marine-Grade Construction:** Fabricated from all-aluminum materials that resist rust and corrosion in harsh marine environments.

## PREMIUM S6 SOLID SIDE DOCK

- **Rock-Steady Rigidity:** Solid 6" aluminum side frame eliminates bounce and flex.
- **Commercial-Grade Performance:** Designed to withstand the rigors of busy marinas while remaining light enough for easy seasonal removal.
- **Modular Versatility:** Offers the widest range of widths (13" to 8') and lengths (up to 20') to fit any shoreline layout.
- **Tool-Light Assembly:** Quick-connect sections allow for fast setup and reconfiguration without specialized equipment.
- **Low Maintenance:** Eliminates the need for painting, sanding, or staining with durable, rust-proof marine-grade aluminum.
- **Flexible Application:** Suitable for sectional, roll-in, or floating configurations to match fluctuating water levels.

## CUSTOMIZE YOUR DOCK WITH ACCESSORIES

- **EASYTRACK™ ACCESSORIES:** Add benches, bumpers, cleats, or ladders anywhere along the rail without drilling.
- **DOCK STAIRS & RAMPS:** Ensure safe and comfortable access for people and gear to your waterfront.
- **WHEEL KITS:** Transform your sectional dock into a roll-in system for rapid seasonal installation.
- **SHORELINE ADAPTABILITY:** Modular components enable breakwall integration and custom shoreline contours.
